

WINTER WEATHER-INDEPENDENT ACTIVITIES

We love our skiing and snowboarding in Whistler, but there is plenty to see and do indoors and off the slopes as well. When conditions are wet, stormy or cold outside, we have a wide selection of active, relaxing, and cultural activities that let you play and learn in Whistler without braving the elements. Take a look at the many ways guests can try a new adventure, take a day off the slopes, or change up their pace.
