ABILITY LEVELS

TERRAIN: Heli-skiing with us is about great skiing in gladed trees, open bowls and on glaciers. It is not about “extreme” skiing or jumping cliffs and rocks. All skiers/riders must be skiing blue and black runs. Snowboarders must be able to traverse across various slopes and pitches and handle deep powder. All guests should be physically fit and in shape to ski. Blue, black and double black runs refer to the runs at Whistler Blackcomb or similar size/type mountain. Your local mountain terrain may differ. CHOOSE YOUR ABILITY LEVEL WHILE TAKING INTO CONSIDERATION YOUR SKILLS, THE PACE OF THE DAY AND THE TERRAIN.

(I) INTERMEDIATE

You are ski fit and confident on blue runs and can ski/ ride black runs. You may have limited powder/off piste experience.

Suitable for 3 Run Package only

(A) ADVANCED

You are ski fit and have been skiing/boarding for years. You routinely ski/board black runs. You enjoy and seek out powder snow.

Suitable for 3 or 4 Run Package

(E) EXPERT

You are both ski fit and can ski long, off-piste pitches without stopping and rarely fall. You have plenty of powder experience.

Suitable for 4 or 6 Run
